

SLEEPING GUESTS CAUGHT BY FLAMES

THAT DEVoured FT. WAYNE HOTEL—MANY DRIVEN BACK TO THEIR ROOMS BY SMOKE.

TEN ARE KILLED AND SEVERAL INJURED

Ohio Man Leaps From Fourth Floor to Death—"Will No One Save Me?" He Screamed, Before Deciding on the Fatal Jump.

Ft. Wayne, Ind., May 4.—Ten known dead, many missing and 12 seriously injured; the result of a fire that destroyed the new Avenue hotel, Ft. Wayne's principal hotel, at an early hour Sunday.

Chief of Police Anckenbruck said Sunday afternoon he believed 20 bodies were still in the ruins.

The entire interior of the building is a smoldering heap of ruins and how many dead are concealed by the debris can only be conjectured. The hotel register was consumed by the fire and there are no accurate means of determining who is missing.

The known dead: R. S. Johnson, Pana, Ill.; M. Hirsch, New York (there is also an M. Hirsch among the ones saved); J. B. Miller, Sheboygan, Wis.; J. E. Ellis, Carson, Poiré, Scott & Co., Chicago; W. A. Pitcher, Ft. Wayne, salesman for S. F. Bowser & Co., Ft. Wayne; J. W. Deviney, salesman for Crawford & Lehman, Philadelphia; three unidentified men; one unidentified woman.

Known missing: Frank Baxter, attorney, Auburn, Ind.; companion of Frank Baxter, of Auburn, Ind.; E. B. Alty, Wabash, Ind.; Charles Benjamin, salesman for Detroit Neckwear Co., Detroit, Mich.; Mrs. Sarah Hathaway, Mishawaka, Ind.; unknown woman, companion of Mrs. Sarah Hathaway.

Some of the bodies taken out are mangled and charred beyond recognition and the work of identification is in these cases a task almost baffling.

The fire was discovered at 3:30 Sunday morning in the elevator shaft by Night Clerk Ralph Hopkins.

He rushed to the upper floors alarming the guests until the flames, which had spread with appalling rapidity, drove him back. His efforts, however, saved many lives.

The hotel was erected half a century ago, and the woodwork was dry as tinder. It burned like matchwood, and within a few minutes from the time the fire was discovered the whole interior of the hotel was a mass of flames.

The fire department rescued many by means of ladders, but some, frenzied by the onward rush of the flames, leaped from high windows to the pavement.

Some did not wait for the efforts of the firemen and leaped to the street. Several were seriously injured in this manner.

There were many thrilling escapes. Claude H. Varnell, of the Ft. Wayne baseball team; his sister, Mrs. John Hendricks, and John Hendricks, of Chicago, manager of the Ft. Wayne team, together with Master Hendricks, aged 5 years barely escaped with their lives. Varnell lost his personal belongings.

When the fire was at its height a man at a third-story window was seen wildly waving his arms.

He shrieked: "My God, men, save me! Will no one save me?"

He then leaped from the window and went swirling to the pavement below. He was picked up desperately hurt.

He was E. M. Matthews, of Columbus, O.

A half dozen or more persons, trapped in the upper stories, were saved by jumping into life nets. The financial loss is estimated at \$10,000.

The dead: Mrs. Dora Abrams and Sadie, Carrie and Charles Abrams and Mrs. Jennie Cohen.

The injured are Mrs. May Noble, Mrs. Amelia Hirschhorn and Fannie Hirschhorn, who sustained severe burns, and Annie Hirschhorn, who suffered a broken shoulder from jumping from a window into a life net.

WARSHIP BLAST KILLS OVER 200

JAPANESE TRAINING CRUISER SUNK BY EXPLOSION OF PROJECTILE.

Sons of Nobles Are Lost—About 150 Members of the Crew and Cadets Are Rescued by Two Other War Vessels—Many Officers Drown.

Tokyo, May 1.—The training cruiser Matsushima was sunk off the Pescadore Islands Thursday by the explosion of a projectile. The cruisers Itsukushima and Hashidate rescued a number of men. It was feared that over 200, including the captain of the Matsushima, had been lost. Admiral Yoshimatsu, commander of the training squadron, reports that the explosion occurred while anchoring at Makang, a harbor on the Pescadore Islands.

Cruiser Immediately Sinks. The Matsushima immediately sank until only the bridge was visible. Efforts at rescue by boats from the cruisers Hashidate and Itsukushima continued for a long time, saving the lives of 141 men, including some officers. The majority of the officers were not saved, and at the time of the admiral's report the cadets numbered 58 out of a complement of 300. The sons of Baron Chinda, vice-minister of the foreign office, and of Prince Oyama, field marshal, are among the cadets who it was feared were lost, also Capt. Name, Yoshimori and Yashiro. The cause of the explosion was unknown.

Seeks Facts Before Report. Washington, May 1.—Baron Takahira, the Japanese ambassador, was just about to start for the state department Thursday when he was shown the dispatch from Tokyo telling of the loss of life by the explosion on the cruiser Matsushima. It was the first news the ambassador had received of the tragedy and he expressed deep regret over the occurrence. With their usual caution and conservatism the naval officials at Tokyo evidently are obtaining all the information possible before giving out any full report of the disaster. No report of the explosion reached the navy department during the morning from the American naval attaché at Tokyo. Naval officers who at once looked up the record of the cruiser drew the conclusion that her loss was not a heavy one to the Japanese navy.

Vessel a Small One. She was of less than 5,000 tons displacement and of a type which has not been followed since her construction. The peculiarity of the Matsushima was her armament, which consisted of one 12-inch gun mounted on her poop deck. In addition she carried 12 four-inch guns and a battery of smaller caliber and four above-water torpedo tubes. She was built in 1890, being designed and constructed at La Seyne, France. Her principal historic record consists of her part in the war between Japan and China, when she was the flagship of Admiral Ito in the battle of the Yalu river. She also participated in the battle of the Sea of Japan.

ANXIETY FOR MR. CLEVELAND. Former President Said to Have Cancer of the Stomach.

New York, May 2.—Considerable anxiety was occasioned Friday by widely circulated rumors that the condition of ex-President Grover Cleveland, who has been ill for several weeks at a hotel in Lakewood, N. J., had assumed a grave phase and that slight hopes were entertained of his recovery.

The Evening World gave prominence to reports current at the offices of the Equitable Life Assurance society, of which Mr. Cleveland is a voting trustee, that the former president's physicians had diagnosed his illness as cancer of the stomach and had decided that there was no hope of their distinguished patient's recovery.

Positive denial of these statements was not obtainable. Dr. Joseph D. Bryant, who has attended Mr. Cleveland for years, said that his patient was "all right" and that all his reports from Lakewood were favorable.

FLEET AT ANCHOR IN MONTEREY BAY

CITIZENS OF CALIFORNIA TOWN BEGIN ENTERTAINING THE BLUEJACKETS.

Entry at Frisco Planned—Passage of United Atlantic and Pacific Fleets Through Golden Gate Will Be Stirring Spectacle.

Monterey, Cal., May 2.—The Atlantic fleet of battleships steamed in here Friday to give Monterey peninsula a place in the history of the American navy's record-breaking cruise around the world. The residents of Monterey and Pacific Grove and all the other settlements of the vicinity made the occasion of the arrival a holiday. They lined the water front when the fleet dropped anchor at six o'clock in the morning and lingered long to view the beautiful marine spectacle of the 16 ships drawn up in divisional formation—four lines of four ships each with the flagship Connecticut, Georgia, Alabama and Missouri at the heads of the column.

A great variety of entertainments ashore, both for the men and the officers of the fleet, marked the first day of the battleships' stay and the visit of the squadrons promises to be a thoroughly enjoyable one.

Entry at Frisco to Be Fine. New orders were issued covering the entry of the fleet through the Golden Gate into San Francisco bay on Wednesday next. The revised plans provide for the most picturesque naval display in the history of the nation. It is now ordered that all of the vessels of the Pacific fleet shall join the Atlantic battleships outside the Golden Gate and steam with them through the harbor entrance to the anchorage in the bay where the review of the navy is to be held. Practically the entire fighting force of the navy, with the exception of a few newly-commissioned ships in the east and a few gunboats in Philippine waters, will be in the great column of white and buff vessels that thread their way between the headlands of the gateway—Point Bonita on the north and Point Lobos on the south.

Forty-six vessels will be in line and the long column will stretch as far out to sea as the eye can see. The variety of fighting craft will range from the massive 16,000-ton Connecticut down to the little destroyer Fox of only 154 tons. Battleships, armored cruisers, protected cruisers, gunboats, destroyers, torpedo boats and auxiliaries—in fact every class of vessel in the navy save the obsolete monitors—will be represented in this remarkable parade through the famous port entry.

Evans Will Be on Flagship. The steaming of the ships through the Golden Gate will be a far more impressive and enduring picture than the review at anchor which is to be held two days after the arrival, on Friday next. Rear Admiral Robley D. Evans will be either on the bridge of the Connecticut or in the emergency cabin where he commands a full view of the fleet, in entering San Francisco bay.

The hour of rendezvous outside the Golden Gate—probably at the San Francisco lightship—has been fixed for nine a. m. on Wednesday next, May 6. Three hours later, or as near noon as the calculations of the navigators can compute the broad white bows of the Connecticut will appear within the gateway.

ACCUSED OF KILLING FOUR

LAPORTE, IND., MAN CHARGED WITH STARTING BLAZE.

Ray Lamphere Held for Murder of Mrs. Della Guinness and Her Three Small Children.

Laporte, Ind., May 1.—Ray Lamphere, arrested on suspicion of having started the fire which destroyed the country home of Mrs. Della Guinness, and caused the death of Mrs. Guinness and three children, was Thursday held on a charge of murder in the first degree.

He waived examination and was bound over without bail. Lamphere makes conflicting statements of his whereabouts previous to and during the fire. He admits that between three and four o'clock Tuesday morning he was walking from Laporte to a place where he was employed, six miles north of town, that he passed near the Guinness house and saw the roof afire, but did not give an alarm because he feared he might be suspected.

The fire at the Guinness house was discovered at four o'clock. Officers have evidence that Mrs. Guinness feared for her life and her property, and had made a will within 12 hours of the time she met death.

By the terms of the will, the estate of \$15,000 is given to her three children, but in case they die without issue the property goes to the Norwegian orphanage, Chicago. The authorities have been unable to find any relatives of the Guinness woman. The victims of the fire will be buried in Forest Home cemetery, Chicago, according to a request in Mrs. Guinness' will.

OKLAHOMA TOWN BURNED. Lawless Element in Verden Start Fire in Revenge.

Anadarko, Okla., May 2.—A supposed attempt of the lawless element in the little town of Verden, nine miles east of here, to take revenge on City Marshal Gillespie for his policy of strict law enforcement resulted in an incendiary fire which destroyed the principal business section of the town, burning a general merchandise store, the First National bank, a grocery, hardware, drug and harness store, and causing a loss of \$50,000.

The fire was discovered Friday forenoon in the grocery store of Protzman & Co., owned by Marshal Gillespie. Recently there have been numerous threats against Gillespie for his strict enforcement of the laws and many expected that he might meet with personal violence.

MIRROR LAKE IS DRAINED. Ideal Fishing Place Ruined by Going Out of Dams.

Baraboo, Wis., May 1.—High water carried away two dams and an iron bridge on Doll creek Wednesday night, putting two large flouring mills out of business.

The going out of the dams also drained Mirror lake, one of the most picturesque spots in Wisconsin. This was an ideal fishing place and all game fish were swept into the Wisconsin river. Several boat houses were also carried away. The damage is heavy. The dams and bridge will be rebuilt, but it will take several years to put the fishing on the basis it was before the dams went out.

Woman Sues for Treasure Trove. Appleton, Wis., May 2.—While plowing on his farm near New London recently, Louis Hoffman unearthed a pot of gold said to amount to \$30,000. Hoffman had just purchased the farm from Mrs. John Schmail, and Friday she started suit to recover the gold, saying she sold only the farm.

Prominent Railroad Man Dies. New York, May 2.—L. P. Farmer, chairman of the Trunk Line association and a prominent railroad man, died suddenly at his home here Friday. His death is believed to have resulted from apoplexy.
